“Let’s Start Talking, Before They Start Drinking.”

April 27, 2006

We know that YOU cross paths with young people in our community. We also know that we all have an impact on their development. That’s why we want you to join us for an **INTERACTIVE** Town Hall Meeting to combat underage alcohol use in our community. Town Hall meetings like this are happening all over our country, but we need YOU to take action here!
